

Garden Hoses

SONACA PVC garden hoses are oriented to the domestic sector. They are manufactured in a dark green color with bronze terminals. In the female terminal, a rubber gasket is added to avoid spills when connecting the hose to the outdoor faucet. This hose is manufactured in diameters of 1/2" and 3/4" and lengths of 25 to 100 ft.

Technical Specifications:

Garden Hoses

Nominal Diameter (")	Average wall thickness (")	Average wall thickness (mm)	Average Diameter (")	Average Diameter (mm)
1/2"	0.008	2.235	0.600	15.240
3/4"	0.080	2.032	0.775	19.685
